THE
GREAT
GIVE
BACK

NATIONAL KIDNEY
FOUNDATION®

About Our Initiative

For the past decade, libraries across the state have been participating in The Great Give Back. This year, as part of **NY250**, the New York State Library is partnering with The Great Give Back to promote volunteerism across the state. All statistical data collected will be incorporated into **America Gives**, an initiative of the bipartisan America250, providing an opportunity to showcase the impact of libraries in the communities they serve.

The *National Kidney Foundation* is revolutionizing the fight to save lives by eliminating preventable kidney disease, accelerating innovation for the dignity of the patient experience, and dismantling structural inequities in kidney care, dialysis, and transplantation.
